

# I LOVE ESTHER

Esther was just six months old when she was rescued alongside her mum, Martha, and over 100 other horses, ponies and donkeys from Spindle Farm, Amersham. Her mum was so thin that she barely had enough milk to feed little Esther. She was so small that she had to be carried onto the horsebox, but thankfully she made a full recovery and lives at Redwings Caldecott with her mum and all her donkey friends.
