

Name: Willow

Age: 42

About: Willow was rescued from the Welsh commons in 2003 with a foal at foot. She was very nervous as she hadn't been handled until later in her life. She's now very friendly and loves a fuss! She's also our oldest resident!

Name: Mr Red Puff

Age: 30

About: Before arriving at Redwings, Mr Red Puff's owner was looking to rehome him, but he sadly was involved in an accident while being transported that made him incredibly nervous to load. We offered him a loving home under these exceptional circumstances. Despite his age, his teeth are still in tip top munching condition!

Name: Muffin

Age: 33

About: Retired Adoption Star Muffin is our oldest mule at the Sanctuary. In fact, he arrived at the Sanctuary when he was just a few weeks old after they were rescued from slaughter. Muffin's favourite part of being a Golden Oldie is his lunch time fee!
