

Make your own

You will need:

- Glue
- Scissors
- Colouring pens or pencils

"Careful, scissors are sharp! Ask a grown-up to help!"

Colour in Red's body and legs using your colouring pens or pencils. You can make him whatever colour you like!

Carefully cut out Red, Wings and the grass along the light green outlines. Don't cut along the dotted lines, though!

Fold down Red and Wings' tabs along the dotted lines, then glue the shaded square inside the opposite side of their bodies.

Fold back the grass along the dotted lines at each end of it, so that it can stand up by itself.

Now you have a lovely paddock for Red and Wings to play in! Don't forget to send a pic to mini@redwings.co.uk!
