

## Young Reds At Home Academy

# Unicorn Day Activity Sheet

To celebrate 'Unicorn Day' we've put together a selection of unicorn-themed activities for you to enjoy. Work out your unicorn name, take our quiz and more!  
Some of these activities will also be available at some of our visitor centres on the day.  
Ask your grown up to look at our website if you're interested in a visit to Redwings.

### What's your unicorn name?

Having worked out your donkey name and your reindeer name, from previous activity packs, it's time to find out your unicorn name!

Look at our 'What's your unicorn name' poster for the instructions.

Mine is **Sunny Blueberry!** Hehe!

### A magical drawing...

Time to show off your artistic skills by drawing a unicorn.

Not sure where to start? Unicorns look similar to horses so you can look at pictures of our residents and draw them with some extra, magical features!

We also have our doodle a donkey worksheet from our Easter pack, to help with a template.

### Hidden words...

Unicorns are full of mystery and wonder just like the word itself!

See if you can make any other words using the letters in 'unicorn'.

We'll start you off with...

**Run!**

### Let's get quizzzy!

Have a go at our themed quiz and see what you know about unicorns, horses and Redwings.

Answers can be found separately so ask a grown up to help you check them.

### What's the difference?

There are lots of similarities and differences between horses and unicorns?

Can you think of any?

Hints: Do they look the same? Do you think they sound the same? Do you think they eat the same foods? What colour are they?

### Design a dream home...

Here at Redwings, we make sure all our residents have a safe, happy and comfortable home.

What do you think a unicorn's home looks like?  
Get creating with our poster...

Psst...Think about what a unicorn might need in the same way as we do for our horses. E.g Have they got plenty of space? Do they live with their friends? What do they eat? Etc...
