

# Design your own horse rug

"You can send us a picture of your completed rug design. Red has the details on page 15."

Horse rugs come in all shapes, sizes and colours to fit lots of different horses. Not all horses, donkeys and ponies need rugs to keep warm as they can grow big, fluffy coats in the winter to keep them cosy. Have a go at creating your own horse rug by colouring in the template.

Look at some of the rugs we've used at the Sanctuary. Don't they look great? Which one is your favourite? We are very lucky because some of these rugs have been donated to us so thank you to our kind supporters!
