

Young Reds At Home Academy

'Things to Make and Do' Activity Sheet

We've put together a selection of craft activities to keep you busy. Ask a grown up if they can help you find the bits you need on the Redwings website.

Create a Redwings board game

Have fun creating then playing your very own Redwings-themed games. You could base it on our horses, our vets or our horse care teams - let your imagination run free!

If you would like any inspiration take a look at our own board game idea!

You can invite your family to play with you and test your game

Host your own pony panto!

With the help of a grown-up download, print and cut out our pony masks. You can then act out your own pony tales.

Imagine you are a horse rescued by Redwings - how do you think you would feel?

Imagine you are one of a herd of ponies - how do you think your herd would interact?

Bake a batch of horse biscuits

You'll need a grown-up to help you with this one!

We'll pop the recipe on our website so you can download it and follow along.

Don't have a horse shaped cookie cutter? Don't worry, you can decorate the tops with a horsey theme!

Make a Young Reds Fortune Teller

Download and print the template and then follow the instructions to make your very own fortune teller.

Play the game and you will be able to find out where our rescued horses are now and see how their lives are transformed.

Design your own horse rug!

Some of our rescued residents have to wear a rug, if they're older or under the weather and need a helping hand to keep warm.

Let your imagination run wild and create some funky patterns- can you even think of some inventions that you could add to them to make them the ultimate in horsey comfort?

Make a horse shoe photoframe

Download our guide and get crafting to make your very own photoframe. You can use materials you find around the house to 'bling' it up and make it look super special.

You could print off a photo of your favourite Redwings resident to star in your frame.
